

AMENDMENT NO. 1 AUGUST 2025
TO
IS 18663 : 2024 NOTE SORTING MACHINES — SPECIFICATION

This first amendment has been issued to incorporate technical and editorial improvements in IS 18663: 2024 to facilitate consistent interpretation and implementation. The changes include clarification of definitions, alignment of safety requirements with IS/IEC 62368-1, refinement of performance testing procedures, enhancement of test-pack details, and deletion of redundant requirements to ensure effective conformity assessment and better usability of the standard.

(Page 1, clause **3.11**, line 1) — Substitute ‘n = a positive integer more than 0’ for ‘n = 1, 2, 3, 4, 8 etc’

(Page 2, clause **3.16**, line 3) — Substitute ‘the validated banknotes’ for ‘the banknotes’

(Page 2, clause **4.2**, line 1) — Substitute ‘shall conform to the safety tests listed in ‘Table 4’, as per IS/IEC 62368-1’ for ‘shall conform to IS/IEC 62368-1’.

[Page 5, Table 3, Sl. No. (i), col 4] — Substitute ‘Store and should have the capability to print the serial number of banknotes processed in the stacker, through an internal or external printer;’ for ‘Store and print the serial number of the banknotes processed by it;’.

(Page 6, Clause **6.2.2.2**) — In line 1 substitute ‘each of’ for ‘of any’

(Page 6, Clause **6.2.2.2**) — Insert the following at the and

‘For 1 + 1 machines, there shall be a second run for segregation of unfit banknotes and objects rejected/suspected as banknotes.’

(Page 6, Clause **6.2.3.1**, line 2) — Substitute ‘Rs 100 and above’ for ‘Rs 10 and above’

[Page 7, Clause **6.2.4.2**, item (r)] — Substitute the following for the existing:

‘These steps shall be repeated for a single denomination of denomination of Rs 100 and above banknotes; and’

(Page 9, Clause **6.2.5.2**, paragraph 1) — Substitute the following for the existing:

‘The machine shall be set in fitness sorting mode, and the process shall be started. Adequate banknotes of any denomination shall be fed in the machine for sorting them according to their fitness. Then + 1 (n=1,2,3 stackers + one reject pocket) machines shall be made to work continuously for 30 min followed by a break of 10 min (maximum) for eight hours in a day for two consecutive days. Then + 1 (n=4,5,6,7,8 stackers + one reject pocket) machines shall be made to work continuously for 60 minutes followed by a break of 10 minutes (maximum) for eight hours in a day for four consecutive days. Then + 1 (more than 8 stackers + one reject pocket) machines shall be made to work continuously for 60 minutes followed by a break of 10 minutes (maximum) for eight hours in a day for six consecutive days. The machine shall work uninterruptedly during every period of continuous operation.’

(Page 9, Clause **6.2.6.3**, last sentence) — Delete

‘The difference between these two figures shall not exceed 1 percent to pass this test.’

[Page 9, Clause **6.2.7.1**, item (a), line 2] — Insert ‘of Rs 100 and above’ after ‘every denomination’

[Page 9, Clause **6.2.7.1**, item (b), line 2] — Insert ‘of Rs 100 and above’ after ‘each denomination’

(Page 10, Clause **6.2.7.2**, item (c), line 2] — Delete

‘that is reject/suspect stacker in case of 1 + 1 machines or unfit stacker in case of bigger machines’

(Page 9, Clause **6.2.7.2**) — Insert the following at the and

‘For 1 + 1 machines, there shall be a second run for segregation of unfit banknotes and objects rejected/suspected as banknotes.’

Price Group 1

Amendment No. 1 to IS 18663 : 2024

(Page 10, Clause **6.2.7.3**) — Substitute the following for the existing:

‘The machine shall display:

- a) The count of banknotes processed in stacker;
- b) The count of banknotes processed as unfit;
- c) The count of the objects processed in reject/suspect stacker; and
- d) The exact value of the banknotes deposited in the output stackers except the reject/suspect stacker after processing.

Note — Count of the objects counted by machine may not be accurate due to the condition of the objects and should be manually reconciled.

The objects shall be counted at least at the speed specified in **6.2.1.**’

[Page 10, Clause **6.3**, item (e)] — Delete

(Page 20, Annex J) — Substitute the following table for the existing:

<i>Sl No.</i>	<i>Type of Object Fed into the Machine</i>	<i>No. of Objects Fed into the Machine (C)</i>	<i>No. of Objects Counted by the Machine</i>	<i>Value of The Fit Banknotes Counted by the Machine</i> (V1)	<i>Value of the fit Banknotes Displayed by the Machine</i> (V2)	<i>Value of the Unfit Banknotes Counted by the Machine</i> (V3)	<i>Value of the Unfit Banknotes Displayed by the Machine</i> (V4)	<i>Result (V1 = V2) Yes/No</i>	<i>Result (V3 = V4) Yes/No</i>
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
i)	Genuine and fit banknotes								
ii)	Unfit banknotes								
iii)	Objects not identified as banknotes								

(Page 21, Annex K, last row) — Delete
