

AMENDMENT NO. 1 MAY 1998
TO
IS 1850 : 1961 DIMENSIONS FOR SHANK
DIAMETERS AND DRIVING SQUARES FOR
ROTATING TOOLS

(*Page 2, Foreword, clause 0.5*) — Substitute the following for the existing matter.

"**0.5** This Indian Standard is based on Draft ISO Recommendation No. 303 'Tool shank diameters and driving squares', issued by the International Organization for Standardization. Now, ISO 237 : 1975 'Rotating tools with parallel shanks — Diameters of shanks and sizes of driving squares' has been published on the subject which is technically equivalent to this Indian Standards."
