

AMENDMENT NO. 3 JUNE 1974
TO
IS : 4327-1967 SPECIFICATION FOR
ELECTRIC FANS AND REGULATORS FOR
USE IN SHIPS

Addendum

(Page 11, *clause 13.1*) — Add the following Note after this clause:

'NOTE — The need for specifying limits of noise levels (acoustical) of the fans is recognised. However, it has not been found possible to specify these limits at present on account of:

- a) lack of data on the acceptable noise, and
- b) lack of agreed definition of noise level and method of evaluating the same.

The criterion of noise level may, therefore, be subject to an agreement between the manufacturer and the purchaser.

ETDC 5)
