

AMENDMENT NO. 1 DECEMBER 1988
TO
IS : 8476-1977 METHOD FOR DETERMINATION
OF WOOL CONTENT IN WOOLLEN TEXTILE
MATERIALS

(*Clause 6.0, line 2*) — Substitute '(see IS : 1070 - 1977†)' for '(see IS : 1070 - 19601†)'.

(*Page 4, foot-notes*) — Substitute the foot-note marked with '†' mark by the following:

'†Specification for water for general laboratory use (*second revision*).'

(*Clause 8.6*) — Delete.

(*Clause 9.1*) — Substitute the following for the existing clause:

'9.1 Calculate the wool content for each test specimen as under:

$$\text{Wool content, percent} = \frac{a - b}{a} \times 100$$

where

a = oven-dry mass of the specimen, and

b = oven-dry mass of the residue.'

(TDC 5)
