TO
IS 7408 (Part 3) : 2000 BLOW MOULDED
POLYOLEFIN CONTAINERS — SPECIFICATION
PART 3 CLOSED HEAD CONTAINERS OVER 60 LITRES, UP TO
AND INCLUDING 250 LITRES CAPACITY

(*First Revision*)

(*Foreword, para 6*) — Insert the following new paras after para 6:

'A scheme of labelling environment friendly products with the ECO logo has been introduced at the instance of the Ministry of Environment and Forests (MEF), Government of India. The ECO-Mark is being administered by the Bureau of Indian Standards (BIS) under the *BIS Act*, 1986 as per the Resolutions No. 71 dated 21 February 1991 and No. 425 dated 28 October 1992 published in the Gazette of the Government of India. For a product to be eligible for marking with the ECO logo, it shall also carry the ISI Mark of the BIS besides meeting additional environment friendly requirements. For this purpose the Standard Mark would be a single mark being a combination of the ISI mark and the ECO logo.

This amendment is based on the gazette Notification No. 170 dated 18 May 1996 for plastic products as environment friendly products published in the Gazette of the Government of India. This amendment is, therefore, being issued to this standard to include environment friendly requirements for Blow moulded polyolefin containers — Specification : Part 3 Closed head containers over 60 litres, up to and including 250 litres capacity (*first revision*).'

(*Page 5, clause 8*) — Insert the following new clauses after 8 and renumber the subsequent clauses:
