

AMENDMENT NO. 1 FEBRUARY 1983

TO

**IS:7969-1975 SAFETY CODE FOR HANDLING AND STORAGE
OF BUILDING MATERIALS**

Alteration

**(Page 8, clause 3.10.2) - Substitute the following
for the existing clause:**

**'3.10.2 *Drum Position* - The drums or containers of
all type bitumen/bitumen emulsion and road tar shall
be stacked vertically on their bottom in up to three
tiers. Damaged drums shall be segregated and
stacked separately in such a way as to avoid leakage.
Empty drums shall be stored in pyramidal stacks
neatly.'**
