

AMENDMENT NO. 1 AUGUST 1980
TO
IS : 8151 - 1976 SPECIFICATION FOR SINGLE - SPEED
THREE-PHASE INDUCTION MOTORS FOR DRIVING LIFTS

Alteration

(*Page 5, clause 7.2*) - Substitute the following for the existing clause:

'7.2.Shaft__Extension__at__Non-driving__End - Square or cylindrical shaft extension for the purpose of of hand winding shall, unless otherwise specified by the purchaser, be provided at the non-driving end of the motor when flywheel is not used. The square shaft extension shall be screened by a shroud with a captive cover.'
