

IS 6873 (Part 1) : 2010
CISPR 12 : 2007

AMENDMENT NO. 1

1 Scope

Replace the text of item c) by the following:

c) devices equipped with internal combustion engines or traction batteries (see 3.3).

Replace the fourth paragraph as follows:

This standard does not apply to aircrafts, household appliances, traction systems (railway, tramway and electric trolley bus), or to incomplete vehicles. In the case of a dual-mode trolley bus (e.g. propelled by power from either a.c./d.c. mains or an internal combustion engine), the internal combustion propulsion system shall be included, but the a.c./d.c. mains portion of the vehicle propulsion system shall be excluded from this standard.

3 Terms and definitions

Replace the existing definition and note 3.1 by the following new definition and note:

3.1

vehicle

machine operating on land which is intended to carry persons or goods

NOTE Vehicles include, but are not limited to, cars, trucks, buses, mopeds, agricultural machinery, earth-moving machinery, material-handling equipment, mining equipment, floor treatment machines and snowmobiles.

Replace the existing definition and note 3.3 by the following new definition and note:

IS 6873 (Part 1) : 2010

CISPR 12 : 2007

3.3

device

machine driven by an internal combustion engine which is not primarily intended to carry persons or goods

NOTE Devices include, but are not limited to, chainsaws, irrigation pumps, snow blowers, air compressors, walk-behind floor treatment machines and landscaping equipment.

Add the following new definition:

3.16

traction batteries

high power batteries used for electric vehicle traction applications

Annex G

Replace the existing chart and its footnote by the following new figure and footnotes:

IS 6873 (Part 1) : 2010
CISPR 12 : 2007

¹ In the case of a dual-mode trolley bus (e.g. propelled by power from either a.c./d.c. mains or an internal combustion engine), the a.c./d.c. mains portion of the vehicle propulsion system shall be excluded from this standard.

² Connection to the electrical mains is the work of another CISPR subcommittee.

³ Automatic battery powered cleaners are the work of another CISPR subcommittee.
