

AMENDMENT NO. 1 DECEMBER 1995
TO
IS 11483 : 1985 SPECIFICATION FOR AMORCES
(PAPER CAPS FOR TOY PISTOLS)

(*Page 5, clauses 5.1.1 and 5.1.2*) — Substitute the following for the existing clauses and renumber the subsequent clause:

‘5.1.1 Both the types of amorces, that is, dot caps and roll caps shall be packed in 30 numbers in round cardboard box of dimensions as agreed to between the purchaser and the manufacturer.’

(*Page 6, clause A-1.1, line 1*) — Substitute ‘1 000’ for ‘100’.

(*Page 6, clause A-2, line 3*) — Substitute ‘1 000’ for ‘100’.

(*Pages 7 and 8, clause B-3.1*) — Substitute the following for the existing clause:

‘B-3.1 Take 1 000 dots and slightly wet by water. With the help of a needle separate the two layers and scrap out the pyrotechnic mixture on a tared watch glass. Keep in a desiccator for 30 minutes and weigh. Transfer the weighed pyrotechnic mixture into a wet thimble/Whatman filter paper No. 40 and place it into the extraction flask. Assemble the extraction apparatus on a hot plate and adjust at the rate of two or three drops per second. Continue the extraction for atleast 5 h or until the completion of the extraction.’
