

**AMENDMENT NO. 1 SEPTEMBER 1993
TO
IS 10405 : 1982 SPECIFICATION FOR BLACK CENTRED
BOARD**

(Page 3, clause 0.4) — Add this new clause after clause 0.3 and renumber the subsequent clause:

'0.4 A scheme for labelling environment friendly products known as ECO Mark has been introduced at the instance of the Ministry of Environment and Forests (MEF), Government of India. The ECO Mark would be administered by the Bureau of Indian Standards (BIS) under the BIS Act, 1986 as per the Resolutions No. 71 dated 21 February 1991 and No. 425 dated 28 October 1992 published in the Gazette of the Government of India. For a product to be eligible for marking with ECO logo, it shall also carry the  Mark of BIS besides meeting additional optional environment friendly requirements. For this purpose, the Standard Mark of BIS would be a single mark being a combination of the  Mark and the ECO logo. Requirements to be satisfied for a product to qualify for the BIS Standard Mark for ECO friendliness, will be included in the relevant published Indian Standards through an amendment. These requirements will be optional; manufacturing units will be free to opt for the  Mark alone also.

This amendment is based on the Gazette Notification No. 455 dated 13 November 1992 for paper as environment friendly products published in the Gazette of India. This amendment is, therefore, being issued to this standard to include environment friendly requirements for black centred board.'

(Page 4, clause 3.5) — Add the following new clause after clause 3.5:

'3.6 Optional Requirements for ECO Mark

3.6.1 General Requirements

3.6.1.1 The product shall conform to the requirements for quality and performance prescribed under clauses 3.1 to 3.5.

3.6.1.2 The manufacturer shall produce to BIS, the environmental consent clearance from the concerned State Pollution Control Board as per the provisions of Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981 along with the authorisation, if required, under the Environment (Protection) Act, 1986 and the rules made thereunder, while applying for ECO Mark.

3.6.2 Specific Requirements

3.6.2.1 The material shall be of the following two types depending on the raw material used in the manufacture:

a) *Type A* — Manufactured from pulp containing not less than 60 percent by mass of pulp made from materials other than bamboo, hard woods, soft woods and reed.

b) *Type B* — Manufactured from pulp made from 100 percent waste paper.'

(*Page 4, clause 4.1*) — Add the following new clause after 4.1:

'4.1.1 For ECO Mark, the product shall be packed in such packages which shall be recyclable/reusable or biodegradable.'

(*Page 5, clause 4.2.*) — Add the following new clause after 4.2:

'4.2.1 For ECO Mark, following additional information may also be marked on the container/package:

The criteria for which the product has been labelled with ECO Mark.'
